

WHY HEALTH & SOCIAL CARE?

The Health and Social Care course provides students with a sound foundation for a career in the allied caring services or as a spring board into further education. The modules of work are designed to develop employment related skills.

The course aims to give students foundation knowledge on legislations, policies and procedures within the Health and Social Care sector. It covers a diverse selection of topics from Sociology sciences to Biology, incorporating all aspects of health and development.

The course prepares students for a range of careers in Health and Social Care contexts such as:

- Community Work
- Health Services
- Housing Services
- Primary Education
- Social Work
- Welfare

Progression through the Advanced GCE as either a single or double award will provide a suitable foundation for the study of the subject, in further and higher education and relates to the Social Work, Primary Education, Nursing or any other Health and Social Care professions.

SPECIFIC ENTRY REQUIREMENTS

- Students must achieve a minimum of 5 GCSEs grade A* - C including English and Mathematics
