

Madeley Academy Sixth Form

AGCE Geography

WHY GEOGRAPHY?

Students who study Geography possess an extremely marketable and sought after range of knowledge and understanding of the world around them.

The AGCE Course focuses on the complex inter-relationships between human and physical environments and the opportunities, problems and questions that arise as a result.

Geographers develop enquiry, decision making, fieldwork and research skills, which will prepare them well for Higher Education courses and a wide range of career choices.

They also learn to appreciate the significance of human values in decision making and to think critically and analytically on a range of issues.

SPECIFIC ENTRY REQUIREMENTS

- Students must achieve a minimum of 6 GCSEs Grade A*- C including English and Mathematics
- Grade B in GCSE Geography
- Grade B in both Mathematics and English

COURSE DETAILS

All units assessed by written examination

Year 1 - Changing Physical Environments (Investigation of climate, tectonic and hydrological changes)

Changing Human Environments (Investigation of population and settlement changes)

Year 2 - Contemporary Themes and Research (Research and essays based on a wide range of geographic themes)

Sustainability (Investigation of sustainable food, water and energy supplies)
